Major Project

Farmer Value Friend

Introduction- It is a web-based application developed to help farmers. Where a farmer can get all the information related to soils and for better yield of the crops. It contains all the genuine information which has been collected from the Soil and Land Survey of India and Data.gov.in. The farmer will get all the information about the type of soil and which type of crop can be grown to get the best yield along with the information about fertilizers, insecticides, and pesticides.
